

Dear DL Administrators,

Below are the notes from our Distance Learning Administrators' meeting from last Wednesday 10/25.

The primary items of discussion were:

- BOG Regulation 8.002 Self Supporting and Market Tuition Rate Program and Course Offerings
  - Tuition increases will not be approved for Spring 2018.
  - The moratorium on new market rate programs has been lifted and up to five may be approved each year. New market rate programs will be considered in FY19.
- Distance learning fee processing for Spring 2018 term is winding down with our deadline for colleges to submit their requests being Friday 11/3.
- NC-SARA and state authorization
  - Florida is now a part of NC-SARA. We have submitted our paperwork to FL-SARA and are on track to be approved, effective Spring 2018 term.
- The concern for self-funded / self-supporting programs in relation to financial aid was discussed. Dr. Marchman and I will be meeting with Financial Aid on 11/6 to discuss options for better supporting our online, self-supporting programs. We will follow up with updates.

Please email me with any questions, concerns or input on any of these topics.

Chris Newsom, M.Ed.  
Assistant Director, Student Support Services
